Good news that I want to share with you. The Honolulu City Council last month adopted Resolution 15-94 and is now considering whether to provide planning funds to implement Resolution 15-94 to create a Chinese Garden in the Foster Botanical Garden, at the top of Chinatown, in honor of Dr. Sun Yat-sen and his Hawaii supporters. It could be one of the most important activities to revitalize Chinatown, to educate and to connect visitors to Hawaii's role in creating modern China.

May we encourage you to lend your name in support of A Chinese

Garden in Foster Botanical Gardens. Please add your name in the space below and press the forward button to the email address provided. Please submit it any time before this coming Wednesday morning. On June 3 the Honolulu City Council will be adopting Bill 13, hopefully including the said planning funds in a FD 1 with your support. Feel free to call me anytime for any information.

Thank you very much...
